Pulse

Hi all

Sorry for the lack of communication. Back onto it now though. We have just a few weeks left for Year 5 and 6 (finishing on the 2nd September) and our Year 3 and 4 teams finishing this weekend. Here is hoping for some settled weather for the remainder of the season.

Leana du Bruin is running a workshop for players and coaches in Wellington. Former Silver Fern Leana de Bruin will be drawing upon her 20+ years of experience to administer coaching clinics throughout New Zealand in conjunction with the Silver Ferns International calendar. Leana will be traveling to each zone to hold clinics for groups of 11-14 year olds, 15 & above as well as extending an opportunity to coaches to attend a session on player insights. These clinics have been approved by NNZ and aim to provide members of the netball community the opportunity to strengthen their engagement with netball by gaining access to specialist coaching sessions provided by a respected player who has had a long affiliation with Netball New Zealand and the Silver Ferns.

How to Register for the 2017 Coaching Clinics:

Information from NNZ re Junior Netball – replacing rule of the week this week.

NNZ have done a lot of work in the Junior Netball space over recent years and have put out a number of documents recently. I have attached these for your information – but here is a brief overview.

1. Junior Netball Policy Launch – this is the background, timeline the reasoning behind the changes. Probably not everybody's cup of tea but great if you like you know the Why and detail.
2. Kids just want to have fun – this reminds us all that the number one reason kids play sport is the have fun! A good reminder for all involved in kids sport – worth a read.
3. Player development and specialisation – if you don't read the others – make sure you read this one! Some great information and also some links to videos that I think are a must watch for parents and coaches of kids.

Amesbury Aces	2	8
CPS Twilights	2	9

Year 5's

The day went really well - the girls had to step up and play 7-side netball (for the first time) with high hoops and they were great! Apart from one big loss to a semi-professional outfit from Lyall Bay the girls held their own with one draw (3-3) and three very close losses (0-4, 5-7 and 2-3). I think they were a bit disappointed to come 8/8 in their pool but we were in the year 5/6 grade so nothing to be too sad about!!

I expect they came home tired!!

Thank you Tina for umpiring 5 games. A really big effort 👍

Ngaio Pulse at Sports Fest

The Ngaio Pulse team played 5 games back to back and won them all, taking out the final 16-4 over Lyall Bay. They played incredibly well, with accurate passing at a fast pace, and showed a lot of determination. In their toughest game they fought back from being 2 down at half time to win. All players showed great team spirit and sportsmanship and we are extremely proud of them.

Results from the Week.

Pulse v Cashmere Tui: 16-6 - Player of the Day: Olivia Milio

This was an excellent result from the Pulse. When we played this team in June we lost by 10 points. To turn the score around to this extent is a fabulous result and shows the hard work the team has been putting in this year. Their passing, catching, driving on to the ball and shooting was all outstanding. Player of the Day goes to Olivia Milio who spent the whole game at WD flying around the court intercepting passes and keeping the game flowing. Fantastic game Pulse, keep it up!

Magic v Ngaio Stars: - Player of the Day:

Stars v Ngaio Magic: Player of the Day: Ruby Robb

The Stars were showing spirit and tenacity in Saturday's game against Ngaio Magic. Their individual skills have improved so much over the course of the season as has their cohesiveness as a team. Although they could not overcome the Magic, they worked very hard until the final whistle blew. Player of the day was Ruby Robb who was acknowledged for her great defence in the goal circle.

Steel v Bellevue Rubies: 9-6 Player of the Day:

A fantastic game by all the Steel

Players this week - everyone combined really well and the team was rewarded with a hard-fought 9-6 win over Bellevue Rubies. Excellent shooting Rosa and Lani, great defence Aimee and Zoe and strong play through the middle by Rachel and Darcie. Well played team!

Mystics v Churton Park: 3-5 Player of the Day: Jess Jacobs

The teams were pretty evenly matched and two last minute goals saw them overtake us when we were leading for most of the game. When the team clicks, they work really well with fast passes down the court to the circle which

is great to see. The whole team has improved defensively and I think everyone got at least one intercept.

Player of the Day was Jess Jacobs for great attacking play in the first half then lots of defensive work in the second half.

Tui – Player of the Day: Emily Ridgewell

A gorgeous day for netball saw the Tui team ready to fire. Decisive passing, excellent shooting and quick defence saw a comprehensive team effort that was exciting to watch. Well done girls. Player of the day went to Emily for superb shooting.

Kiwi

A great game of netball for the Kiwi team in the warm sun against Cashmere. There was some lovely play through the court with quick passing, getting into space capped off with some lovely goals from Kate and Luca. Looking forward to final weekend/tournament on the 19th

Takahe

A beautiful sunny day for netball and it was great to have the full Team Takahe on court this week. This week I was impressed we passed the ball into space and there was some lovely dodging and moving to get away from the defence. Dodging is skill that we have been working hard on at practice and it showed this week. Takahe are a much improved team from the beginning of the season especially their passing accuracy and decision making. Keep it up and let's enjoy the final session of the term next week.

Pukeko

Kakapo

Kereru

The girls had a great game with lots of good movement to get the ball, catching and chasing loose ball. They also had lots of scoring opportunities and got a well-deserved win. Well done everyone.
