

Rachael Manttan

My name is Rachael Manttan and my husband James and I have two girls at Ngaio School – in year 5 and year 2. Our girls have had an amazing start to their education at Ngaio School. I have been impressed by the dedication of the staff and the school's strong values and leadership.

I lead the Evidence & Investigations team at the Financial Markets Authority. My background is as a lawyer, including working as a Police prosecutor, enforcement lawyer and in private practice. While I would hope there would be no need for this particular expertise on the Board, I have a lot of experience analysing information, thinking strategically, resolving issues and advocacy. I am also collaborative by nature - I listen to others' points of view and build productive relationships to achieve good outcomes.

My management experience has also given me financial awareness, experience managing budgets and resources, skills in recruitment and experience dealing with employment matters.

I would like to see all children at Ngaio School having an opportunity to thrive.
